About the Oklahoma Museums Association

In 2021, OMA will enter its 49th year of serving Oklahoma museums. Everything we do has Oklahoma museums and Oklahoma museum professionals in mind. OMA continues its role as a nationally recognized leader in the museum field. We are THE organization that best understands and serves the 500+ museums, tribal cultural centers, historical societies, historic sites, living history museums, zoos and botanical gardens, historic houses, and other museum-related institutions in Oklahoma.

OMA offers professional training opportunities to connect with others sharing similar concerns and interests in the museum community allowing Oklahoma museums and their staff, volunteers and board members to be better equipped and motivated to pursue best practices and expanded networks. The result is strong institutions that engage citizens and enhance their communities.

Thank you for your support of Oklahoma museums and the Oklahoma Museums Association!
